

# Watershed Activity Sheet:

# Parts of a Watershed

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Please use the terms in the Word Bank to complete the following sentences and fill in the diagram.  
Have fun!

You can think of a watershed as a large cereal bowl. Any liquid that falls inside the bowl feeds the puddle at the bottom of the bowl. In a real watershed, the edge of the "bowl" is known as the \_\_\_\_\_.

The whole world can be broken up into different watersheds!

The place where two streams meet is called the \_\_\_\_\_.

This is also known as the confluence.

The place where the river empties into the larger body of water is called the \_\_\_\_\_ of the river.
